Dear Mr Bailey

I would like to congratulate you for running such a professional operation.

We were extremely impressed by Tony Hawkins when we visited Burgess Hill to discuss specifications and, following detailed and helpful guidance from Andy Padfield, we arrived at a superb glass partitioning system design.

Thanks to Andy Brown's skilled project management, working closely with your fixers, Pete and Ashley, you delivered a first-class glass partitioning solution that has exactly met our needs. The quality and attention to detail is beyond what we were expecting, and we would have no hesitation in recommending your company to anyone considering partitioning.

Once again, our thanks to you and your whole team for an outstanding result.

Yours sincerely

Dominic A Yeadon
Managing Director
